Tag game

Organization:

Field size: 20m x 25m

1. Another group comes and unfrozen them by dribbling their ball between the legs of one of the frozen partners.
2. Another group come and unfrozen them by switching their ball with the frozen players' ball.

Switch the taggers every 2 minutes.

Laser ball

Make a circle with small cones. Divide players into two teams: red and blue. Each team must stay on one side of the circle (see the diagram). Each player has a ball. Put one ball for each team in the centre of the circle. Both teams must kick their ball in the centre enough times to make it cross on the other side of the circle on the coach's signal.

Progression:

- Players are allowed to kick the other team's ball to undo the opponent's attempts.

Duration: 10-15 min

Passing Race

Organization:

Field size: 20m x 25m

Divide players into two teams: red and blue. Use small cones to divide the field into 6 boxes. One player from each team must stand in each box. Give one ball to the red player in box#1 and another ball to the blue player in box#4. At the same time, both teams start passing the ball to their teammate in the next box clockwise. The first team to pass the ball to all six boxes twice is the winner. If any player cannot pass the ball to the next box, they should retrieve the ball and try again.

Progression:

- Only one team has the ball and the other team is defending. Each team can score by completing a full round of passing (box 1 to 6). The first team who gets 3 points is the winner.

Note! You can play this game with 4 boxes and have substitutions.

Duration: 15-20 min

Progression:

- After 5 passes, teams are allowed to score on either pug.
